Dear Julian

## **Weston Package Phase 1 Major Scheme Business Case Submission for Programme Entry**

Further to my letter of 18 March 2009, I have pleasure in enclosing 2 copies and a CD of our Weston Package Major Scheme Business Case for Programme Entry approval.

The business case summarises work undertaken over the past two years on developing a package of transport improvements in Weston-super-Mare, as part of an integrated package of major transport schemes to help deliver our Joint Local Transport Plan targets and accommodate future development in the West of England sub-region.

The Weston Package has been assessed to offer good value for money. It is prioritised in the regional funding allocation and has a high level of local stakeholder, public and political support.

I am keen to facilitate an early endorsement of the scheme and I look forward to meeting you on a date to be agreed, to present the scheme to your colleagues and answer your initial questions on the proposals.

Yours sincerely,

*Barbara Davies*
