FAO Barbara Davies

22nd August 2011

Dear Barbara,

West of England Major transport Schemes – Interface with Network Rail

Many thanks for your letter dated 4th August 2011.

Although I cannot give assurance of Networks Rail's non objection to both schemes, I can confirm that Basic Asset Protection Agreements (BAPA's) are in place and signed by both the relevant Local Authority and Network Rail to fully discuss and ascertain the best and most appropriate option for delivering the requirements of the North Fringe to Hengrove and South Bristol link Projects.

Furthermore, I can confirm that I will continue to appoint resources under the terms of the BAPA's so that meaningful discussions may continue.

Yours faithfully,

A handwritten signature in blue ink, appearing to read "Richard Selwood".
